

We are happy to announce that we have resumed normal working hours and have implemented our Enhanced Patient Protection Plan.

If you have a scheduled appointment, please CONFIRM that you intend to keep your appointment or give us a call if you choose to re-schedule.

While we are glad to be getting back to work, we do want to inform our patients that we will be maintaining strict protocols for COVID-19 in accordance with the most recent government mandates.

New protocol that you, our patients, will be affected by are as follows:

- Only the patient with an appointment will be allowed in the office (If the patient is a child or an adult that needs assistance, 1 guardian will be allowed with them) Our waiting area will be closed.
- Please call our office when you have arrived for your appointment, one of our staff will meet you at your car and do a quick pre-screen & temperature check.
- Please stop at our hand-sanitizing station when you enter the office
- All adult patients will be given a disinfecting mouth rinse prior to any dental appointment
- If you or any member of your household have symptoms of Coronavirus, we ask that you please reschedule your appointment.

Our office has always followed the highest standard of recommended infection control.

During this time, we will be taking even more steps to keep our patients safe. Below is a list of additional new protocols recommended by the CDC, OSHA, ADA, and ALDA:

- Each staff member will also be checked for a fever daily.

- The clinical staff will be wearing new layers of recommended PPE per the new guidelines
- We will be allowing extra time between patients for sanitizing of rooms and common areas.
- The front desk staff will be wearing masks and disinfecting the reception area after each patient.
- Our office has invested in new air purifiers to further reduce the aerosols in the air.

We are looking forward to seeing all our patients and will do everything we can to keep you safe during this time.

If you have any questions or concerns, please reach out to our office at 256-350-5810.
